

Emulsifier for Blanket Cleaners E 999 B

free of VOCs *)

Characteristics:

- **Emulsifier for Blanket Cleaners E 999 B** supports the emulsive quality of all types of cleaning agents used on automatic blanket washers and for cleaning by hand, which are hardly or not at all water miscible.
- Due to its high water miscibility it prevents build up of paper dust.
- Prevents the forming of drops
- Prevents the forming of microorganisms in the water circuit
- Improves the cleaning power
- Allows a reduction of the amount of cleaning agents

Dosage:

Add 3 - 5 % of **Emulsifier for Blanket Cleaners E 999 B** to the water.

Packing:

Cans of 10 and 25 l

Drums of 125 l and 210 l

*) VOC = volatile organic compound

The specifications given in this brochure are based on laboratory tests and practical experience. All specifications are to the best of our knowledge and reflect the latest state of the art, however, this does not imply any liability.
